PROFESSIONAL SUMMARY

MCA student with hands-on experience in Data Analytics, Power BI, Software Development, and Database Management. Skilled in Python, SQL, Java, MySQL, and Power BI with experience developing analytical dashboards, performing exploratory data analysis, and building full-stack applications. Strong problem-solving abilities with a passion for transforming data into actionable business insights and developing scalable software solutions.

TECHNICAL SKILLS

Programming Languages: Python, Java, SQL, JavaScript
Data Analytics: Power BI, Data Analysis, Data Cleaning, Data Visualization, Exploratory Data Analysis (EDA), Statistical Analysis
Python Libraries: Pandas, NumPy, Matplotlib, Seaborn
Databases: MySQL, Database Design, Query Optimization
Development: Node.js, Express.js, REST APIs, CRUD Operations
Tools: Git, GitHub, Postman, VS Code, MySQL Workbench, Jupyter Notebook
Core Concepts: DBMS, Object-Oriented Programming, Data Structures & Algorithms, Operating Systems, Computer Networks

PROJECTS

Retail Sales Analytics Dashboard | Python, SQL, Power BI, Pandas

- Performed end-to-end data cleaning, transformation, and exploratory data analysis on retail sales data.
- Built interactive Power BI dashboards to monitor sales performance, revenue trends, and customer purchasing behavior.
- Identified high-performing products, seasonal sales patterns, and business growth opportunities.
- Utilized Python libraries including Pandas, NumPy, Matplotlib, and Seaborn for analysis and visualization.
- Generated data-driven insights to support strategic business decisions.

EduNexus – AI-Powered Faculty collaboration Platform | React.js, Node.js, Express.js, MySQL, Gemini AI

- Developed an academic collaboration and management platform with AI-powered features.
- Designed and implemented RESTful APIs using Node.js and Express.js.
- Created and managed relational database schemas in MySQL.
- Integrated AI functionality using Gemini AI.
- Applied modular architecture principles to improve scalability and maintainability.

Visitrack – Habit Tracking & Personal Productivity Platform|Node.js, Express.js, MySQL, JavaScript

- Developed a full-stack habit tracking platform enabling users to manage daily and weekly habits, monitor progress, and maintain personalized vision boards.
- Built RESTful APIs to support habit creation, progress updates, and performance tracking.
- Implemented productivity-focused features that help users maintain consistency and achieve long-term goals.

EDUCATION

Master inComputer Applications(MCA)|P.R. Pote Patil College of Engineering and Management|2027
Bachelor of Science (Computer Science)|Brijlal Biyani Science College|2025|CGPA:8.66

CERTIFICATIONS

- Data Analytics Certification
- Power BI Certification
- Python Programming Certification
- SQL / Database Management Certification
